Documenting School Library Contributions to Student Achievement

A. Choose the service your group feels makes the greatest contribution to student achievement:

1. Offering a program of curriculum-integrated information literacy instruction.
2. Informally instructing students in the use of resources.
3. Planning or conducting workshops for teachers.
4. Assisting school curriculum committee with recommendations
5. Collaborating with teachers to develop, implement, and evaluate student learning
6. Providing reference assistance to students and teachers.
7. Providing reading, listening, and viewing guidance for students.
8. Providing instruction on Internet searching and research.

B. With your group, brainstorm the things you do related to this service.

- ### C. With your group, brainstorm evidence you can collect to measure
- a) the contribution you make (how do we know you provide this service?)
 - b) the impact of your contribution

D. As a group, identify (from C) a common type of evidence you can all collect.

E. On the back, write a one or two paragraph description of what you do to provide this service.

F. When will you send me the evidence of your activities and their impact ?
